4. IAA Cosmic Studies

4.1 Current Studies

Study Group 6.16 Chair or representative: Regel
STEM/STEAM for Space - Grand Challenges
Still working on study, would like to create a conference on this topic. New members are welcome.

Study Group 6.17 Chair or representative: Arnould/Laidet/Madry
Multicultural foundations and influences of human space exploration
Laidet: Report is out, comments were received. Executive summary, make them available in different languages.

Madry: work continued. There will be a revision process to ensure that written style is correct in the entire document. Report for final review in a few months.

Fabrice: Chinese, French, Romanian, modern Arabic, Spanish, should be considered as languages for executive summary.

Madry has a translation tool, need to have this verified. Executive summary in different languages should be made available free of charge.

Study Group 6.20 Chair or representative: Medina Tanco/Sarah
New space technologies at the service of societal needs
Currently *slow progress*.

6. Report from the IAA Permanent Committees

IAA Permanent Committee on History

Chair: O. Liepack, Co-Chair: S. Haeuplik-Meusberger

Secretary: H. Mayer

- A tentative solution has been reached for the future of the **IAA History Symposia Proceedings 1967-2019** (The Legacy) published by Univelt and future proceedings. The Legacy material will be transferred from Univelt to the University of Alabama in Huntsville Library (UAHL).

R. Jacobs has been approached, in work

UAHL will digitalize all relevant material and upload it to a separate platform "IAA HISTORY SYMPOSIA PROCEEDINGS" as part of their main platform.

Future symposium papers will be uploaded after a TBD grace period, due to copy right issues.

All uploaded material will be indexed for search and **available to the general public free of charge.**

The exact date for the start of this IAA History Symposia Proceedings platform is right now TBD.

A Memorandum of Agreement is under preparation.

7. Other Business

All

It is suggested to have cross cutting studies among different commission.

Fabrice: Commission VI would like to be involved in Study Group 5.18. "Space & disasters management"

Fabrice: New IAA members should be introduced to Commission VI lead during IAA day.
