HUMAN SPACEFLIGHT AND EXPLORATION

PRESENT
CHALLENGES AND FUTURE TRENDS

22-24 JANUARY, 2020
Bengaluru, India

Organised by

International Academy of Astronautics (IAA)

Indian Space Research Organisation (ISRO)

Astronautical Society of India (ASI)

About Bengaluru - The Host City

Bengaluru — also known as the Garden City of India — is the capital of the South Indian state of Karnataka. Situated at a height of 949 metres (3113 ft) above sea level, the city is blessed with salubrious climate throughout the year

The city, once attached to the glittering court of Mysore, later became a cantonment town where British troops were stationed. Over time, it morphed into the city of gardens and lakes, and the capital of India's scientific and space research community. More recently, it has been the hub of India's Information Technology (IT) boom

Bengaluru is well connected to all the major destinations across the globe, and has the fourth busiest airport in India

About the Symposium

The Indian Space Research Organisation (ISRO), the International Academy of Astronautics (IAA), and Astronautical Society of India (ASI) would like to invite you for the first IAA-ISRO-ASI Symposium on Human Spaceflight Programme to be held between 22 and 24 January, 2020 in Bengaluru, India.

Experts from all over the world will gather to discuss and exchange ideas on the main theme of the symposium — Human Spaceflight and Exploration: Present Challenges and Future Trends.

Registration Details

Registration Fee	Normal		On-site	
IAA Member	INR 18000	€500	INR 20000	€550
Non IAA Member	INR 20000	€600	INR 22000	€650
Students	INR 10000	€230	INR 11000	€260
Accompanying Persons	INR 10000	€250	INR 11000	€275

Technical Sessions

Will be devoted to topics impacting human spaceflight, including:

- Existing challenges
- Scientific and societal relevance
- Enabling technologies — present and future
- Policy and economic aspects

The symposium will also have a Heads of Space Agencies Panel, an Astronauts Panel, Students' Session, Plenaries and Highlight Lectures.

Venue Details and Exhibition Floor Plan

Hotel Conrad, Bengaluru

Ideally located near the central Mahatma Gandhi Road, Hotel Conrad Bengaluru (35 km from the airport) offers one of the largest meetings spaces in the city. It comes with a 7,555 sq ft pillar-less grand ballroom, and 285 luxury rooms and suites — which offer picturesque views of Ulsoor Lake.
