Commission VI would like access to a list of all members of all Commissions. This should be listed on the webpage as well as on the agenda for these meetings. It is recommended that Commission leadership be elected by Commission members.

It was noticed that Arts and Culture is not represented in Commission VI any longer. Balint is planning to approach potential members.

A discussion was held about how to attract new members. It was decided to draft a letter to each Symposium chair offering to involve members of these other Commissions in the activities of Commission VI.
