

IAA Study Group 3.22

Next-Generation Space System Development Basing on On-Orbit-Servicing Concept

Effective Date: August 10, 2015

Study Team Membership

Current Members

1. Yury N. Razoumny (Chair), Moscow Aviation Institute / Cosmoexport Aerospace Research Agency, Russia,
2. Brij N. Agrawal (Co-Chair, US & Canada), Naval Postgraduate School, USA,
3. Tetsuo Yasaka (Co-Chair, East Countries), QPS Institute, Fukuoka, Japan, 4. Giuseppe Reibaldi, (Co-Chair, Europe), ESA
5. Ji Simei (Secretary), Harbin Institute of Technology, China
6. Filippo Graziani, University of Rome, Italy
7. Marcello Coradini, ESA
8. Eric Lansard, Thales Alenia Space, France
9. Arthur Dula, Attorney at Law, USA
10. Fan Ruixiang, China Academy of Launch Vehicle Technology (CALT), China,
11. David L. Akin, University of Maryland, USA
12. Dan King, MDA, Canada
13. Greg Scott, Naval Research Laboratory, USA
14. Marco Caporicci, ESA
15. Maxim Zapletin, Moscow State University, Russia
16. Giancarlo Genta, Italy
17. Christophe Bonnal, CNES, France
18. Christophe Paccolat, Ecole Polytechnique, Switzerland,
19. Wang Xiaowei, China Academy of Launch Vehicle Technology (CALT), China,
20. Fengyuan Zhuang, Beihang University, China
21. S. Ramakrishnan, Vikram Sarabhai Space Center, India,
22. Mitsushige Oda, Tokio Institute of Technology, Japan
23. Mitsunobu Okada, Astroscale, Singapore
24. Joerg Kreisel, International Consultant, Germany
25. Yury Makarov, Federal Space Agency, Russia
26. Barry Miller, Lockheed Martin, USA
27. David Spencer, Pennsylvania State University, USA
28. Philippe Moreels, Astroscale PTE, Singapore
