

IAA Study Group Status Report 16 February 2017

SG 3.26 Space Mineral Resources #2

Short Study Description: To provide the appropriate approach for teams in the public and private sectors to progress into space leveraging the extra-terrestrial resources available. The investigation will look across the technological, legal, and programmatic challenges. Emphasis will be upon the Outer Space Treaty recognition of national authority and the ability to utilize resources in space for public and private activities. The concept is that humanity must move beyond low Earth orbit in a timely manner leveraging the strengths of each nation.

Progress in past six months:

1. Solicited potential SG members
2. Identified Potential SG Members
3. Defined SG report outline with SG leadership
4. Conducted 4 Skype conferences and one face-to-face meeting with SG leadership
5. Posted notification of SG meeting at Spring Meeting in Paris

Website Study Information update:

- Posted SG information on Academy website
- Posted notification of meeting on website

Issues requiring resolution? None at this time

Product Deliveries on Schedule? Plan to assign study section to members when in Paris

Study Team Member Changes? List of SG members during Paris meeting

Name of person providing Study Group Status: Roger Lenard SG Co-chair

Status Report Date:

Study Team Membership Changes

No changes to report
Effectivity Date:

ROGER LENARD – Co-Chair
