

IAA Study Group Status Report

Responsible Commission: VI

Study Number and Title: Proposal S 6.9

The Architecture of Space: Tools for Development in the 21st Century

Short Study Description (repeat from Study Group Proposal):

1. Identify and categorize known constraints in the design and construction techniques of extraterrestrial facilities and systems.
2. Identify and categorize international multi-disciplinary expert resources—both industry and government, and academic institutions—to support the advancement of space development.
3. Generate a set of recommendations that the Academy will endorse as its official position and which will serve as a useful reference for practitioners, students, and decision-makers and can be used as a source for developing a web site database.

Progress in past six months:

1. Conducted Study group meeting at IAC 58 in Hyderabad.
2. Updated the SG intermediate and overall goals and membership.
3. Updated modules membership and chairs.
4. Change in chairs appointment were accepted by the Study Group members.

Website Study Information up to date? (Study Group Membership, Study Plan and Schedule): No

Issues requiring resolution? (recommend approach):

1. Find possible publisher/sponsor for publishing the final report paper in a book format.
2. Identify potential sponsors for a space architecture web portal.
